

## QUEENSLAND BRANCH NEWSLETTER

April 2025

Dear members

No doubt some are still waiting for sunny days to help in cleaning up their post cyclone affected gardens. Some of our public parks are still waiting.

Crosby Park, Albion

Do you know any seriously damaged gardens or parks that AGHS might be able to offer comments on restoration? In the last newsletter I asked for any places that might be included in 'Landscapes at Risk' but I have received no suggestions.

Please contact me if you have further suggestions or would like to assist us with the newsletter, garden visits or monitoring the condition of historic gardens.

Jane Lennon, chair

### Next visit:

Toowoomba autumn colour on  
Saturday 17 May

Our tour will take in two private gardens off Queens Park where we will have a catered picnic and the Japanese Garden. Detailed itinerary will come with a Trybooking form after Easter.

### Future visits proposed are:

June	Victoria Park
July/Aug	Fernberg
Aug/Sept	Coochie Mudlo
